About Us

IMSolutions specializes in providing innovative and cost-competitive business and program management solutions to our clients across the public sector. Primarily, our support encompasses assisting clients in acquiring mission critical capabilities, to include developing holistic program strategies for successfully inserting technologies for achieving material solutions efficiently and expeditiously.

With unrivaled depth and experience in public sector acquisition policies, processes, and procedures, *IMSolutions* can add value immediately by bringing best practices, in conjunction with proven analytical tools and methods, and a pragmatic, results-oriented approach to our work. Our solutions are tailored to meet our clients' needs and are supported by rigorous analysis, which is clearly defined, readily implemented and easily tracked. Our consultants on average have over 20 years experience in managing multi-million, multi-year projects.

Acquisition Support:

- Defining program objectives and requirements
- Evaluating statutory and regulatory directives for meeting program objectives
- Developing cost estimates that possess a high-level of accuracy and facilitate programmatic adjustments and "what-if" analyses
- Providing analyses and recommendations to support sound acquisition and funding decisions
- Evaluating how well programs and policies are meeting program objectives
- Documenting findings based on rigorous empirical decision analysis
