## About Us

*IMSolutions* specializes in providing innovative and cost-competitive business and program management solutions to our clients across the public sector. Primarily, our support encompasses assisting clients in acquiring mission critical capabilities, to include developing holistic program strategies for successfully inserting technologies for achieving materiel solutions efficiently and expeditiously.

With unrivaled depth and experience in public sector acquisition policies, processes, and procedures, *IMSolutions* can add value immediately by bringing best practices, in conjunction with proven analytical tools and methods, and a pragmatic, results-oriented approach to our work. Our solutions are tailored to meet our clients' needs and are supported by rigorous analysis, which is clearly defined, readily implemented and easily tracked. Our consultants on average have over 20 years experience in managing multi-million, multi-year projects.

## Integrated Logistics Support:

- Conduct logistics trades related to any aspect of the acquisition process: design, development, production, fielding, sustainment and disposal
- Assist in assessing and certifying the adequacy of life cycle support planning, management, resources, and execution as part of the Milestone Decision Process
- Conduct rigorous management analyses to facilitate developing relevant logistics documents and compliance with milestone schedules
- Analyze distribution and transportability compatibilities and interfaces
- Conduct transportability assessments by reviewing new equipment acquisitions, development and commercial, for compliance with transportability standards
- Develop processes for optimizing the planning, procurement, repair, delivery and return processes, as well as the requisite information flows between logisticians, using unit and vendor
- Draft directives, guidance, procedures and handbooks for all facets of Integrated Logistics Support
